## Download Previous Spotify Version

Twitter spotify app Go to play store, go to Spotify Having easy access to these downloaded songs and albums is important to me, but the latest Spotify update that's rolling out now (version 8.5.9.737 for Android and 8.5.7.601 for iOS) makes them. [https://unionclever weebly com/blog/free-drm-removal-spotify](https://unionclever.weebly.com/blog/free-drm-removal-spotify) How to Downgrade to Previous Version on Android So like everyone it seems this update sucks, so this is how I downgraded back to the last version.. Download local files to iphone spotify <https://unionclever weebly com/blog/spotify-premium-apk-google-play>.
